## TECHNICAL DATA SHEET

### Product Description:

New Betaine P 50 is a highly pure, concentrated form of Cocamidopropyl Betaine that provides outstanding thickening performance, helping to reduce overall formulation costs. It is an easy-to-process secondary surfactant suitable for a wide range of surfactant systems, delivering rich foam and enhanced mildness. The product is microbiologically stable without the need for preservatives.

### Application:

It is suitable for Body wash and shower care, Bubble and foam bath formulations, Shampoos and hair cleansing, mild liquid hand and face soaps.

### Storage:

Keep container tightly closed and dry in a cool and good ventilated place in room temperature.

### Dosage:

3.0% - 7.0%

### Shelf life:

2 years from manufacturing date (unopened packing).

### HS Code:

34024200
