

TECHNICAL DATA SHEET

Trade Name:	Skinsoft Octiol		
INCI:	Caprylyl Glycol		
Cas. No:	1117-86-8		
EINECS:	214-254-7	Article No:	556878

ITEM	STANDARD
Appearance 30°C	Almost colorless, clear liquid
Odor	Confirm
Glycol value	740 – 770 mg KOH/g
Assay Octane-1,2-diol	98.0 – 100.0
Color value Hazen	0.0 – 30.0

Product Description:

Skinsoft Octiol is a multifunctional additive offering viscosity control, superior wetting, and broad antimicrobial activity without pH limitations. Its amphiphilic nature can lower emulsion viscosity at higher concentrations and, in small amounts, reduce droplet size by decreasing surface tension.

Application:

It is Suitable for deodorants, color cosmetics, hair care, natural products, skin care, cleansing products, and sun care.

Storage:

Store in a tightly closed container in a cool, dry, well-ventilated area, away from direct sunlight.

Dosage:

For Emulsion 0.5% - 0.7% and for wet wipe lotions about 0.3% - 0.5%

Shelf time:

3 years after production (Unopened packing)

HS code:

29053995
